

# NEWSLETTER

exclusive to members of the inner circle club

February/March 2024

## Dear Friends,

A very belated HAPPY NEW YEAR to you all! You will have noticed that this was the first time we have failed to produce a New Year January Newsletter in 23 years. This was really due to World events leaving itineraries and stability in the balance. We must also thank Vick for coming in-house to help produce one of the largest newsletters for many a year for February/March. Without this help we wouldn't have succeeded. Trends of bookings for the next 24 months definitely favour Southampton sailings, Caribbean cruises in the winter plus river cruises in Europe specifically AMA and Riviera. Do have a look at the flyer enclosed with this Newsletter. As a sampler by request from senior members not able to travel far, we have produced two 7-night luxury holidays for May and late June. That doesn't mean you can't come whatever age you are! I can promise you two wonderful holidays! We hope you all have a year of good cruising but most of all good health with so many operations still being awaited in the NHS.

**Regards and best wishes, Cliff & Kim**

## NOVEMBER CRUISE ON THE RHONE

This was our luckiest cruise ever! With our group of fifty-four on Viva Voyage everyone chose to either join for five nights cruising to Avignon and Arles from Lyon or add extra nights in Lyon pre or post cruise. Those choosing the latter enjoyed the fact that we all stayed at the same hotel, the Mercure Part Dieu, which was a great choice.

Little did we know, including us, the river had been in flood and no ships had travelled for the previous few days. On the first day, we were informed of this very problem. At 6pm we were given the all clear to be the first ship to be approved by the river authorities because we had the lowest height with everything flattened to the deck and a clearance on bridges of 6 inches!

All-inclusive was amazing! Not because we were all drunk but it was a strange feeling not putting hands in pockets!

As far as tours were concerned we did not use any walking tour options offered by the ship. However, we scored a first in Avignon by doing two tours in one, namely a one hour open top audio bus, followed by a half hour coffee break, then the local mini-train with commentary which was the best ever! Would we do a Viva Cruise again? I think most would agree – a big yes! If you were considering a Rhone Cruise, make it a week as this 5-nighter was too short! Thanks to all of our group for making it a trouble free cruise and great company.

## 'CHRISTMAS IN VIENNA' 2023

Our Christmas cruise went extremely well although we had to battle the weather elements for much of the time. It was almost a re-run of the Rhone cruise with water levels very high, threatening disruption with several warnings along the way but thankfully we made it to Vienna on time. As Dunav's flagship, MS Ariana was our home for 5 nights and we were all looked after wonderfully throughout our time onboard. Vienna was certainly the best place to be at Christmas time, with several Christmas markets to keep us in the Festive mood. Forty of our cruisers had a great concert at the Kursalon, always a highlight of any Vienna visit. Many also enjoyed the training performance at the Spanish Riding School. The Christmas spirit was in full flow throughout the cruise and the Carol service on Christmas Eve was a great way to start the celebrations, the choir really excelled themselves this year. Thanks to everyone who made up the 'Cruise In Family' on this cruise!

# THE ONLY ALASKA CRUISE YOU'LL EVER WANT TO DO! 12 OR 13 NIGHTS ■ CUNARD'S QUEEN ELIZABETH

This is an amazing chance to cruise on legendary Cunard with itineraries that cover more than the seven nights offered by other cruise lines. Not only that but commencing and finishing in Vancouver. Some of the ports are new to Cruise In.

'My finest cruise destination in 27 years of cruising was to Alaska doing a 12 night itinerary that covered many of these ports and glaciers. These itineraries beat any 7 Nighter by a mile and gives you time to really enjoy every moment. A balcony is good to have, but if cost is a worry, go for what you can afford. You'll still enjoy this stunning experience with a traditional elegant cruise line.' *Cliff*

Price per person based on twin occupancy includes return flights from London, one-night pre-cruise hotel, transfers, port and air taxes, full board and entertainment on cruise. Advertised prices are based on The Cunard Fare and include the current promotion of 'Up to triple onboard spending money'. Onboard credit amount shown is per person in US dollars for new bookings made by 4 March 2024 on selected sailings. Please consult Cunard's website for full campaign and fare terms & conditions. Prices are subject to availability and offers can be withdrawn at any time. Prices correct 09/01/24 and are subject to availability.

## SO WHERE DID THE BERLITZ GUIDE GO?

Nowhere really! It disappeared as soon as covid started. However, you may have been lucky enough to know that another title has been published in the name of 'CRUISING and CRUISE SHIPS' published by INSIGHT GUIDES. Buy through AMAZON at £15.19 on Prime next day delivery. That's not all, guess who has written it, no less than Douglas Ward, for 35 years previously the writer and brain of Berlitz!

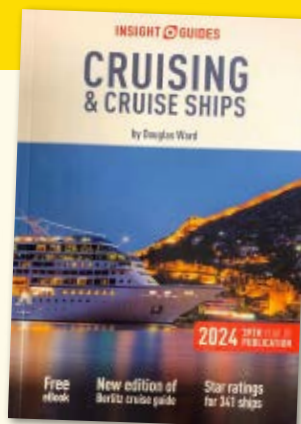

It is different in style from the olden days but I would rate it a much better production, giving only a half-page per ship but some interesting reading in the first half of the book, good for all types of cruiser from first time to experienced. Whilst it still rates every cruise ship out of 2000, it makes use of different ratings relative to the size of the ships.

As an example, the top 20 large resort ships, from 2500 passengers, Queen Mary 2 topped the list, 6 'Mein Schiff' ships then 13 MSC ships!

There are two more categories, namely 'top 20 small ships' and 'top boutique ships'.

Ratings in the current list start at 772 to 1792 out of 2000.

No matter what type of cruiser you are, this book makes wonderful reading!
